

JOZEF TARABA

Chess Compositions

(c) Gabriel Török, Zoltán Labai
Nové Zámky, Slovakia, 2009

JOZEF TARABA

*16.11.1947 Trakovice

†27.1.2000 Kežmarok

Významný slovenský šachový skladateľ, absolvent Vysokej školy ekonomickej v Bratislave (Ing.), povoláním hlavný ekonóm JRD, neskôr audítor. Asi od roku 1975 žil v Kežmarku. Prvotinu uverejnil r. 1964 v Smene. Celkovo publikoval 233 skladieb (165 dvojťažiek, 27 pomocných matov, 21 trojťažiek, 17 samomatov, 2 mnohoťažky a 4 iné skladby), z toho 68 v spoluautorstve, zväčša so Z. Labaiom. V skladateľských súťažiach získal 130 vyznamenaní, z toho 49 cien (8 prvých), 47 čestných uznaní, 29 pochvalných zmienok a 5 umiestnení v súťažiach družstiev. V Albumoch FIDE dosiahol 3 body. Vzorom mu bol Alexander Pituk: v jeho jednofázových dvojťažkách nachádzal najviac inšpirácie na tvorbu svojich dvoj- a trojfázových skladieb. Neskôr sa venoval aj zámenám funkcií ťahov, včítane rozličných druhov hrozbových paradoxov.

Splnil normu majstra športu (r. 1979), uverejnil jeden malý článok, rozhodoval dve súťaže a niekoľko rokov viedol kežmarský krúžok kompozičného šachu.

Brožúra obsahuje kompletnú Tarabovu tvorbu.

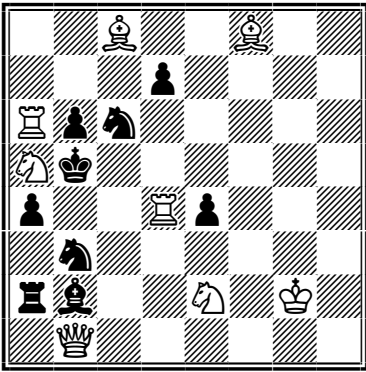

A distinguished Slovak chess composer, graduate of the University of Economics in Bratislava, by profession an agricultural economist, later an auditor. From about 1975 he lived in Kežmarok. His first composition was published in 1964 in Smena. In all he published 233 compositions (165 twomovers, 27 helpmates, 21 threemovers, 17 selfmates, 2 moremovers and 4 other compositions), 68 of them with co-authors, mainly Z. Labai. In tourneys he won 130 distinctions, 49 being prizes (8 first), 47 honorable mentions, 29 commendations and 5 placings in team competitions. In the FIDE Albums he obtained 3 points. He took Alexander Pituk as his model: in Pituk's single-phase twomovers Taraba found the greatest inspiration for the creation of his two-phase and three-phase compositions. Later on he also devoted himself to changes of move function, including various kinds of threat paradox.

He fulfilled the norm for master of sports (in 1979), published a small article, judged two tourneys, and for several years was the leader of a chess composition circle in the town of Kežmarok.

The booklet contains all of Taraba's compositions.
